SUDDEN CALL FOR WELL KNOWN CITIZEN

Robert G. Jones Dies In Louisville While Undergoing Operation For Cancer Of Face.

Robert G. Jones, for eleven years the town marshal of Stanford, died suddenly and unexpectedly in Louisville Wednesday afternoon, while undergoing an operation for cancer of the face with which he had suffered for some time. Mr. Jones was one of the best known residents of Stanford and news of his death came as a severe shock to the community.

Mr. Jones was born in Rockcastle county 61 years ago. When a young man he removed to Lincoln county, where he made his permanent home. He engaged in contracting and carpentering and by frugality and energy he amassed a competence. After serving faithfully as town marshal of the city for eleven years, he retired and bought a grocery and general store on Depot street, which he and his sons were conducting at the time of his death.

His wife and five children—John, Walter, Robert, Maggie and Kittie survive. The deceased was a member of the Christian church and of the lodge of Maccabees. The burial took place on Thursday afternoon at 2:30 o'clock in Buffalo Cemetery, services being conducted by Rev. Walker. A large number of friends and loved ones were present to pay the last tribute of respect to his memory.

Sudden Death

Comes To Miss Rella Parsons While On Visit To Neighbor.

Miss Rella Parsons, sister of Mrs. W. Perry White, of the east end of the county, died very suddenly while on a visit to her neighbor, Mrs. J. M. Cross, Wednesday afternoon. She was a devoted member of the Christian church and a most excellent lady. She was about 60 years of age and besides Mrs. White, leaves another sister, Mrs. Jno. B. Mershon, of Somerset, who came up to attend the burial.

The funeral will be preached at the Christian church at Crab Orchard at 10 o'clock this Friday morning by Elder J. C. Livingston, after which the remains will be laid to rest in the Crab Orchard cemetery.

Sidi Sold For \$300.

Crack Percheron Stallion Goes To Colorado Springs.

The great black Percheron stallion, Sidi, which Walter O. Walker had here for a while, has been sold by his owner, Willis Adams & Son, of Mt. Vernon, to the Exchange National Bank of Colorado Springs, Col. They had a lien upon the animal for \$3000 and the bank bought him in at that figure, but were prepared to pay almost any amount for him, as he is considered one of the best Percherons ever brought to this part of the country.

Track Team

Of Stanford High School Will Take Part In Lexington Meet.

Accompanied by the track team from the Stanford High School, Prof. J. W. Ireland will go to Lexington Saturday morning to participate in the athletic meet to be held on the field of State University. Wesley Embury will run for Stanford in the 100 and 200 yard dashes; Will McCarty will run in the 440 and one-half mile runs; Wallace Singleton will enter in the high jump, broad jump and pole vault and Harris Coleman will put the shot and throw the hammer. As young Coleman has already put the shot 29 1/2 feet and thrown the hammer 105 feet, it is believed that he is a sure winner in his events. The members of the track team, accompanied by Mike Penny, Earl Coleman and Lester O'Bannon, took in the collegiate athletic meet at Danville Wednesday afternoon to get some pointers.

Mrs. Bell Improving.

News comes from Seattle that Mrs. Coa Bell is improving and her recovery is thought to be assured. Her husband's body will be kept there until she is able to accompany it home for burial. An Harrodsburg paper says that Judge Balk seemed to have a premonition that something would happen to him for he had his accident policy changed so as to pay double in case he was killed on a street car.

Munday-Munday.

George B. Munday and Mrs. Ida Munday, his divorced wife, were again united heart and hand, here this week. The bride was originally a Miss Belden, of Rowland. Since their separation a few years ago, the groom has worked in Louisville. He is a brother of Jas. Munday of the Neal's Creek section and is a very clever man.

FACULTY ELECTED FOR NEXT SCHOOL YEAR.

All Teachers Re-Appointed, Except Two, Who Were Not Applicants For Places Again.

The faculty for the Stanford High and Graded School was elected for the ensuing year at a meeting of the board of trustees Wednesday night. Superintendent J. W. Ireland holds on for another year, under a contract with the board. He was offered the superintendency of the Harrodsburg city schools at a handsome increase in salary, but he has "made so good" here that the local board refused to release him.

All of the teachers of the school were re-elected, except two, who were not applicants for re-appointment. They were Misses Frances Adams and Annie Hartzel. Their places will be taken by Miss Kate Aicorn, of this city, and Miss Agnes Long, of Richmond. The latter has been attending the Eastern State Normal at Richmond, and both are well qualified for their work.

The roster of teachers by grades for the next year's work as assigned by the trustees, is as follows:

High School—Prof. P. C. Deemer.
8th Grade—Miss Claudia Eaton.
7th Grade—Miss Margaret Hopper.
6th Grade—Miss Agnes Long.
5th Grade—Miss Kate Aicorn.
4th Grade—Miss Lena Palmer.
3rd Grade—Miss Jennie Nowland.
2d Grade—Mrs. H. D. Phillips.
1st Grade—Miss Anne McKinney.
Instrumental Music—Miss Ellen Ballou.

Vocal Music—Miss Ethel Petro.
Elocution—Miss Bertha Jackson.
The present year, the last term of which is rapidly drawing to a close, has been the most successful in point of attendance and work in the history of the institution, and a still greater growth is expected in the future.

Great Mare Breaks Leg

Kate Malloy Seriously Injured And May Have To Be Destroyed.

Kate Malloy, the once great show mare, and owned in her palmy days by Judge W. A. Tribble, fell while running in the pasture Wednesday and broke her left hind ankle. She is about 20 years old and Dr. John Cook, the well known veterinarian, thinks she will not get well but will have to be destroyed.

She was on the farm of Walter O. Walker, Mr. Curtis Goyer, of Crab Orchard, her present owner, having sent her down to be bred to Mr. Walker's great Carroll Preston Kate Malloy was a great saddle mare in her day and has won many a big stake. She was also good in the combined ring.

His Third Birthday.

Master Shelton Sauley, Jr., entertained a number of his young friends Wednesday afternoon from four to six, the occasion being his third birthday. Games were played and all drew for a prize box of candy, George Fleece Faris being the lucky youngster. Among those who came to congratulate the little man on his third birthday were James Paxton, Frances Tate, Annette and Georgia Wray, Effie Withers, McClary, Eddie Bruce and John Baughman, James M. Bright, Lucile Ireland, Lucile and Louise Waters, Morgan Smith, Baughman, James and Earle Baughman, William Henry Baughman, Lucile Walker, James Engleman, Annette and Sadie Warren, Nancy Kath McKinney, Sallie Mills, Annette and Sam Craig, Frances Embury, Isabelle Harvielle, Sara Katherine Walker, Katherine Beck, George Fleece Faris.

Prompt Settlement.

The Glens Falls Insurance Co., represented by Fish & Pennington, has made a full and satisfactory settlement with me for damages done to my house and furniture on April 30. I am well pleased with the settlement. Lizzie Salter.

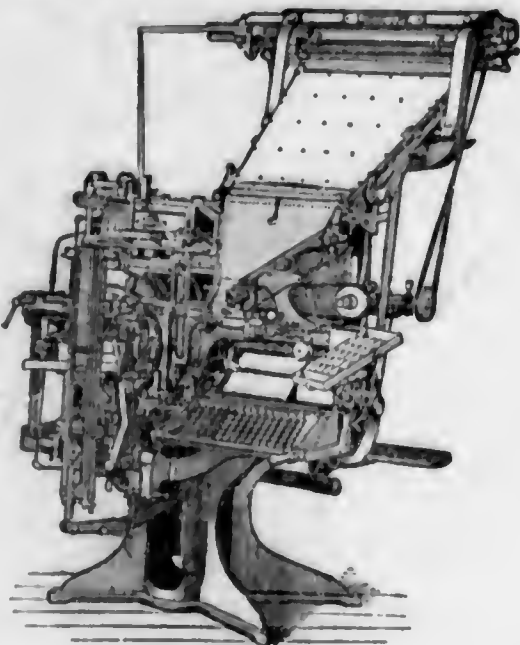

Back In The Harness.

W. H. Brady didn't stay out of business as long as Pat stayed in the army. Only a few weeks ago he sold his grocery store to Campbell & Mueller and now he again smiles behind the counter of that store, having bought the business back.

Night Riders At Work Again.

Night riders burned the tobacco barn of George H. McKibben, in Bracken county Tuesday morning with between 5,000 and 7,000 pounds of tobacco that was not pooled. McKibben had received night rider warnings which were turned over to Federal officers.

Linotype Machine Soon To Be Installed in Interior Journal Office

Believing that the best is none too good for the best people on earth—the constituents of the INTERIOR JOURNAL—a Mergenthaler Linotype, or typesetting machine, has been purchased, and will be here and installed in the office within a week or so. To attempt to describe this wonderful machine would be futile, for it has over 3,000 working parts, and is one of the most delicately constructed and finely-built mechanical aids to mankind that has ever been invented. It is a tremendous labor saver, one machine being capable of setting as much type as four or five fast men, and all of the trouble and time consumed in distribution of type is saved. In addition, the type is always new and clean, and the paper enabled to show a much nicer print.

DUDES AND "DUDINES" WOULD BE "IN BAD"

If Judgment Day Caught Them Unprepared, Says Dr. Carpenter at Anti-Tuberculosis Meeting.

Stanford enlisted in the Anti-Tuberculosis war at the mass meeting of citizens held at the Presbyterian church last Sunday night, and will be heard from in the splendid campaign which is being made by the State Association. Every seat in the church was taken and many were turned away from the doors, unable to gain admittance. All of the pastors of the city occupied seats on the rostrum and all the physicians who could get away from patients were present.

The meeting was announced to be held under the auspices of the physicians and three instructive addresses were made by Drs. M. M. Phillips, J. G. Carpenter and W. B. O'Bannon. Rev. D. M. Walker, of the Christian church, presided, Rev. J. J. Dickey, of the Methodist church, read a Scripture passage and Rev. John T. Hoekins, of the Baptist church, offered prayer, after which Dr. Phillips read a splendid essay upon the "great white plague" and its causes. He showed how it has been proven to be a curable disease and gave other reasons for encouragement to those who are waging such vigorous war upon it.

Dr. Carpenter followed with an address which held the undivided attention of every one. He declared that Lincoln county ought to have a tuberculosis sanitarium, and after opening the eyes of many in regard to that disease, drove home some potent facts regarding the moral and physical side of this city. He declared it was a shame the way the "dudes and dudines" of the present day violated the laws of nature. He decried the fashion of low neck and short sleeves, and other scanty apparel in the coldest weather and asked how the physical or moral nature could be expected to grow when the outer being was freezing. He asked what some of the present day belles and beaux would if do the judgment day were to come and catch them as they sometimes are. He urged the opening of homes to more fresh air for the better protection against tuberculosis and other diseases. He said that pet dogs, cats, lizards and snakes should be kept out, for they bring germs of all kinds.

Dr. O'Bannon made an eminently practical and interesting talk, declaring that the body must be protected further by care in the diet. He pointed out the fallacy that much meat is necessary for endurance and said that a more vegetarian diet has proven much the better. Dr. O'Bannon argued against the indiscriminate kissing of babies, and gave many other points which proved of much value to all. Another meeting is already being planned here at which typhoid fever will be discussed.

All of the dailies and many of the progressive country papers are now using linotype machines, and the INTERIOR JOURNAL, never behind the procession, will continue in the front rank of progress and improvement, with the aid of this wonderful machine. With it, the job department will be enabled to turn out catalogues of all kinds, circulars, etc., at a very rapid rate and at a great saving to all concerned, while a much larger newspaper can be printed, with more live news in its columns.

As soon as the linotype arrives from the factory and is installed, the INTERIOR JOURNAL will invite all of its friends to call and see in operation the machine which is said to most nearly resemble a human being in its capacity for intricate manipulation and wonderful work.

Three Big Fish.

Frank Rout Proves Himself An Able Disciple of Izaak Walton.

B. Frank Rout not only knows how to successfully manage the Stanford Water, Light and Ice plant, but is a past master fisherman also. He fished in the lake a short while the other day and landed a six pound bass and two other bass that weighed 5 1/2 and 4 1/2 lbs respectively.

Jason Wesley

Resigns From Revenue Service And Will Locate at Danville.

Jason Wesley, said to be the most popular man in the "State of Casey," handed in his resignation as gauger in the revenue service under Collector J. Sherman Cooper and will move to Danville and take the position of chief clerk to Mitchell Taylor, the state king. He was formerly circuit clerk of Casey and is a most competent man for his new position. He has been stationed at Tyrone, in Anderson county, since he took up the revenue service work the first of January.

Soper-Wesley.

Prof. E. O. Wesley, of the Middleburg Graded School, and Miss Emma Soper, formerly of Garrard, but now of Washington City, were married here Wednesday at the home of Rev. R. B. Mahony by that gentleman. Prof. Wesley is a well-known and popular instructor and his wife is said to be a very charming woman.

Landram Estate Gets \$5,000.

The omnibus claims bill, carrying a rich gift of \$65,000 for Kentucky, includes two items which only the determined work of Senator Bradley secured. One is for something over \$5,000 due the estate of the late Gen. Wm. J. Landram, of Lancaster. He was collector for the old 8th internal revenue district and failed to receive certain of his perquisites. The bill grants him these.

Saves An Iowa Man's Life.

The very grave seemed to yawn before Robert Madison, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. It's positively guaranteed for Stomach, Liver or Kidney troubles and never disappoints. Only 50c at G. L. Penny's Drug Store.

MIDDLEBURG WOMAN WHIPPED HUSBAND

And When Arrested "Played Possum" On Officer—Interesting Letter From Casey.

MIDDLEBURG, Ky., May 5, 1910.

Lucy Black was arrested last week charged with whipping her husband, John Will Black, and will be tried this week. The parties live in the Hatter creek section. Constable Marion Black executed the papers on Mrs. Black and started to Squire Staton's to deliver the goods, when his prisoner "went dead" on him, and, tumbling over on the ground, refused to budge. He sent one of his posse to a neighbor for a wagon, but before he returned she got able and willing to "mosey" on up to the Squire's office.

The splendid fruit prospects went glimmering on the night of the 23d ult. The frost got everything in sight and made quite a dive for that beneath the surface. Corn that had been planted is thought to be killed, or so damaged as to require re-planting.

Some 25 teamsters who were hauling cross-ties for Jason Coffey at Yosemite went on a strike last week, demanding an advance of 2 cents on the tie. The strikers held a pretty stiff upper lip for a few days, but seem to be weakening, as some of them have returned to work.

A young divinity student of Georgetown College will preach at the Baptist church here Sunday morning and evening. Willie Watkins, of Harrodsburg College, will be here and make a talk to the church on Saturday night before. Mr. Watkins has decided to make the ministry and teaching his life work, and he says that he wants to begin at home.

Several ladies of this vicinity will boycott the broom makers next year. Some 50 or more pounds of broom corn seed have been ordered and a pretty general crop will be raised. Cephas Bastin has promised to put in machinery at his mill and will tie them on the shares. This seems to be the proper thing to do, and if the farmers will put in a good crop they will likely find it a profitable business.

The Sunday-school convention at the Christian church at Yosemite was well attended and seemingly well enjoyed. Liberty seems to have been better represented than any other portion of the globe. They came from there by every conceivable means of conveyance imaginable, and there were among them several as jolly lads and lasses as one is likely to meet in a lifetime.

In the magistrate's court at Yosemite, Ben Patterson was given a fine of \$10 and five days in the county jail for cursing old man John Vest. Dick Littrell got one cent and cost for shooting Mrs. Eliza Carman's dog. The case of a breach of the peace against Mrs. Bivvy Sims was continued to May 26th. Warrants were sworn out for J. W. Badget, charging him with selling beer and other drinks that intoxicate, at his soft drink stand at Hartwell, and for keeping open his stand and selling on Sunday.

J. S. Murphy came down from McKinney Friday afternoon, accompanied by his son, and remained over till Sunday with his daughter, Mrs. McD. Fogle. A. R. Spears, of Moreland, was here Sunday. Mrs. Laura Lee and daughter, Miss Bessie, and Miss Esther Murphy spent Sunday with homefolks at Kingsville. Mesdames Thos. Gooch and J. S. Murphy attended the Sunday-school convention at Green river church Sunday. McD. Fogle, H. C. Estes, S. Lyons and Jordan S. McWhorter went to Liberty last week as witnesses against J. W. and Tom Badget, charged with violating the local option law.

The election of trustees for the graded school will take place here Saturday. There is a pretty good-sized fight on between the graded school and anti-graded people, and it is hard to tell at this writing what the result will be. The ants have a ticket in the field in the persons of Charles McWhorter and Reuben Staton, and the friends of the school are running C. C. Compton and W. J. Godby, and both parties are getting busy. The graded school people say they have the race won and it looks somewhat that way to a man up a tree, but we will know more later on and will tell you about it in our next.

Lightning's Damage In Pulaski.

Lightning set fire to one of the large storage oil tanks of the Cumberland Pipe Line Co. at Somerset and it was destroyed. There were 30,000 barrels of crude oil in the tank, which was a total loss. There were several other tanks of similar capacity near the burning tank, but they were saved. Lightning struck the tank during a heavy thunder storm Tuesday morning.

QUARTERLY MEETING AT HUBBLE THIS WEEK

Three Days' Session To Be Held—Mrs. Barker Breaks Her Arm—Other Live News From Little Burg.

HUBBLE, Ky., May 5, 1910.

Quarterly meeting begins at McKendree Methodist church here Friday evening. There will be preaching Friday, Saturday and Sunday, with Presiding Elder Robinson leading the services. Much interest is felt in these meetings by the good people of this community and large congregations are expected to be present. Sunday, June 12, is Children's Day and elaborate exercises will be arranged for its celebration.

Mrs. Thomas Barker is suffering from a fracture of her right arm, sustained when she fell while hacking away from a vicious horse. Dr. Hickie set the injured member and she is resting as comfortably as possible under the circumstances. Mrs. A. M. Luce, who has been quite ill, is considerably improved, her friends are glad to know.

Sam Harris is limping a trifle on account of one end of a harrow dropping on his foot. A tooth penetrated his foot and caused a very painful injury.

A. P. Sloan has just completed the school census of this district and it gives a very creditable showing. He found 88 white and 49 colored pupils in Hubble No. 1.

L. P. Weaver has returned from Lexington, where he underwent a severe operation for cataract. He was much benefited.

S. B. Sanders, the popular postmaster and storekeeper, has been on a visit to Somerset. His friends are congratulating him that he came back sober, since Somerset has gone "wet."

Will Spoonamore bought a two-year-old gelding from Sam Harris, for which he paid \$175. He sold a horse to Mrs. J. C. Rankin for \$165. J. L. Sloan sold four hogs to Lawson & Brown at 8c. J. S. McKittrek sold to the same firm seven at a similar figure. Squire Jas. McKechnie sold a good family horse to Tom Wilder for \$150, and Mr. Wilder sold the same animal to Mrs. Bettie Broadbush for \$185. Boner McKechnie has returned from Danville, where he attended the circus and had a fine time.

Two More Suits

Filed With Col. Swope to Be Tried At May Term of Court.

Two more suits to be tried at the coming term of circuit court here have been filed in the office of Circuit Clerk Swope. W. R. Singleton, of Waynesburg, asks \$200 damages from the Cincinnati Southern railroad for loss of fences and timber, which, he alleges, were set on fire by sparks from the company's engines. Attorney George D. Florence filed the petition for Singleton.

M. G. Murphy filed suit, by Attorney P. M. McRoberts, against G. A. Walter, J. B. McKee and J. W. Acton for \$750, growing out of the opening of a certain turnpike near King's Mountain, which is said to have been quite prolific of litigation. This action is more or less a friendly one to determine the status of the affair.

Prospecting In West.

Dr. O'Bannon Looking For Place To Establish Sanitarium.

Dr. W. B. O'Bannon left Wednesday for a lengthy trip through the West. He will first visit his brother, Richard, at Garden City, Missouri, and after that will go to Texas and New Mexico points. Dr. O'Bannon will keep his eyes open for a good sight for the establishment of a large sanitarium. He says that he does not contemplate leaving Stanford permanently now, but would like to establish a big institution of this kind in the west.

Some Eggs.

Land & Buchanan sold to Gott, of Lancaster Wednesday 42 cases of eggs. There are 30 dozen to the case, making 15,120 eggs. They were all bought since Monday morning.

Cecilian Leaf

44165.

Sired by Red Leaf 21390, the greatest of all roadsters; 1st dam Day Maid by Cecilian, he by Gambetta Wilkes; 2d dam Nell by Balsora 1024. 3d dam Noon Day by St. Elmo 275; 4th dam by Pilot, Jr. 12.

In Cecilian Leaf the blood of C. F. Clay and Red Wilkes is united with that of Gambetta Wilkes and Pilot, Jr., and should prove a cross which cannot be excelled.

Cecilian Leaf is a well developed, registered trotting colt, four years old. He is a rich bay with two white hind feet and a star; is exceptionally rangy for a trotting horse, especially graceful in the neck; stands full 15 3/4 hands; has high action and lots of style and finish, which, in addition to his speed, makes him an ideal horse for the stud. These qualities are just what is needed in a sire to breed high class harness and walk-trot horses, and it is the walk-trot that sells for the most money and has the readiest sale. Cecilian Leaf is unmarked but can trot in 2:28. He will go for a record this summer.

He will make the season at the Pink Cottage barn 1 1/2 miles from Stanford on the Hustonville pike. The fee to a limited number of approved mares this season will be \$15 for a living colt. Season fee due when mare is parted with.

In offering the services of this young horse whose sire and whose dam's sire are among the very foremost of all Kentucky's horses as sires of fancy show horses, I believe that I am making you an offer of rare merit. **C. E. TATE,** Stanford, Ky.

Bids For Road Work

Too High. So Fiscal Court Will Have Re-Letting.

The fiscal court at its meeting Wednesday, April 29th, rejected all bids for crushed or broken stone, to be spread on pikes, because all stone bids were too high, or at least the court so believed.

New bids will be opened May 11th, and any one desiring to bid must do so by sealed bids on or before 10 o'clock a. m. May 11th. This only includes pikes heretofore re-advertised and not those bids heretofore accepted.

It was decided by the court to let the successful bidder have the county rock crushed free of charge on these contracts. All bids must be sent sealed to S. K. Dunderar, Supervisor.

Full Brother to Estelle No. 219. Sired by Zileadi Goldust, 4400—by Goldust 150, by Vermont Morgan and on to Justin Morgan. The dam of Zileadi Goldust was by Imp. Arabian stallion Zileadi. The dam of Dorsey Goldust is Florence by Golden Mingo Chief, a son of Gail's Comet Morgan.

Note—This is an intensely inbred Morgan stallion, the blood now in demand. A rich dappled bay, black points, 16 hands high, 1200 pounds stallion of great beauty and action, with speed and endurance and unexcelled as a producer of high class show, road and Eastern horses. The records of his produce both in show and sale rings show his value and merit as a producer of fine road, show and sale horses. A look at sire and colts will be convincing.

CORSET STYLE
AND CORSET COMFORT.

Are the two essential things you get in the American Lady corset. Also the ever increasing demand for these goods proves their superiority over other makes of corsets. New stock just in. Prices \$1 to \$3.

Many people pick up the newspaper and upon seeing some wonderful low prices quoted exclaim "what wonderful bargains", yes maybe and maybe not, it depends entirely upon the character of the merchandise. An inspection of our goods will disclose the fact that only the best qualities are kept here and also another fact, that in no case are prices higher than others ask—in many cases they are lower.

THERE IS A DIFFERENCE

In the style and finish of Ladies' footwear as there is a difference in the character of people. The maker usually puts his character into his shoes if he is one of the "anything will do" kind he will slight his work. There is nothing of this "anything will do" in our Zeigler shoes for ladies. Try a pair of our new low shoes you will find them all you could wish in footwear.

It Pays To Advertise

How Some of I. J. Patrons Have Found It Profitable Lately.

Splendid tributes to the value of the INTERIOR JOURNAL as an advertising medium and as a business puller were paid to it last week. In the first instance the little son of Jack Heazley lost his dog. Mr. Heazley advertised for it in three issues, and after the third, called up the I. J. man and said:

"You can take that ad out, I found my dog. A man way over in Garrard telephoned me that he had the dog; and had seen my ad in the INTERIOR JOURNAL."

Mrs. W. H. Warren had a pen of fine Black Minorcas for sale and of course advertised them in the I. J. Mrs. Amanda Bowyer, of McKinney, saw the ad and came to town and bought the birds and some eggs too. She told Mrs. Warren she had read her ad in the I. J.

Smith Baughman advertised some Jersey cows for sale. He told the I. J. man Friday to take the ad out, they were going so fast. "Rev. F. M. Tindler, of Lancaster, came over and bought three, paying me \$50 apiece," said Mr. Baughman. "He saw the ad in the I. J."

And it has already been told how Mrs. Leticia Wood recovered her glasses through the I. J. The moral of all this is obvious.

An Expert's Opinion of Skin Diseases.

A prominent, national expert on skin diseases whose name you are familiar with, says that in all his scientific experience he has never found so hard a disease to conquer as eczema. Yet he does not hesitate to recommend ZEMO as a most successful remedy for the treatment of Eczema, itching skin diseases, dandruff, pimples, blackheads and all other diseases of the skin and scalp. He says that not only do its curative qualities make it popular, but also the fact that it is a clean, liquid remedy for external use. A great improvement over the old style greasy ointments and lotions which are not only unpleasant to use but do not destroy the germ life that causes the disease. ZEMO draws the germs to the surface and destroys them, leaving the skin clear and healthy. Can be used freely on infants. G. L. Penny will gladly supply those who call with a free sample bottle of ZEMO and a booklet which explains in simple language all about skin diseases and how to cure yourself at home with ZEMO.

King Eagle, Jr.

Pedigree: Sired by S. T. Harris King Eagle Vol. 6 A. S. H. R. No. 2556; he by Royal King 2555; he by On Time 745; he by Stonewall Jackson 72; Royal King's 1st dam, Molly Mount, 2584, was by the noted sire Caldwell Lexington 1; S. King Eagle's 1st dam, Hipp 6579; he by Eagle Bird 1014; he by Old King Eagle 750; 2d dam Red Lion, 3d dam Harris Denmark; he by Miller Denmark 45; 4th dam by Jim Bell King Eagle Jr.'s 1st dam was Molly Drennon, she by Old Drennon, 2nd dam Copper Bottom, and runs back to Dasy Crockett, thoroughbred.

Note, King Eagle is five years old, dark bay with one white hind foot; nice mane and tail. He stands full 16 3/4 hands high, weight 1,425 lbs. and well proportioned in every way.

A combined stallion with plenty of speed, style and action, and his colts show that he is a fine breeder. He had colts to come last Spring that the owners refused \$150 for before weaning time. He will make the season of 1910 at our barn, one mile west of Waynesburg on Faling Creek at \$10 to insure a living colt. Mares traded, parted with or bred elsewhere without my consent forfeits the insurance and the money becomes due at the time of such transaction. Care will be taken to prevent accidents but not responsible should any occur. Will also stand a GOOD MULE JACK, SAM KEENE, sired by S. T. Harris' great Billy Keene and out of a pedigree jennet. Sam Keene is 14 1/2 hands high; black with white points. He has proved himself to be a good breeder. Will stand at \$8 to insure a living colt. A lien retained on all colts until the season money is paid.

Former Lincolnite Writes Tender Letter Back Home.

PETERSTOWN, W. VA., April 30.
Dear Editor:—Am so glad to see the great improvement in the I. J. since you took charge. Would like very much to have a hand shake and a heart to heart talk with the new editor, and in fact, all of my old Lincoln county friends.

Old Kentucky is the grandest of all the United States that I have ever traveled in. It has the finest land, horses, and best of all, the best people I have ever known.

I don't know when I was ever shocked as much as when I read in the I. J. of George H. Saulty's death from that terrible disease, typhoid fever, which has been the cause of so many deaths and heart-aches around the capital of our good county. I could hardly refrain from shedding tears when I saw his picture on the first page, so natural and lifelike. It seemed as if he would shake hands with me, as he always did when I was in Stanford and saw him. It is hard for the people to give up so great a man and in his young days too. But who does all things well, knows best, and had higher work for him to perform. May God's blessing be with his dear mother and father in their bereavement and help them to bear it and realize that he is much better off up there than in this world.

Princeton, West Virginia, which place I have just left, is a great railroad center at present and will be even greater in the near future. Street cars, ice factory, flouring mills, brick kilns and about 43 different business houses are some of the institutions here.

West Virginia is a great lumber, mining and grazing state, though very rough and mountainous. I like the people here fine so far, but they are not like dear old Kentucky people.

For His Sake

"My husband begged me to take Cardui," writes Mattie L. Bishop, of Waverly, Va., "and for his sake I agreed to try it. Before I had taken I bottle, I felt better. "Before taking Cardui I suffered miserably every month and had to go to bed until it wore off, but now I am all right."

Take CARDUI

The Woman's Tonic

You know Cardui will help you, because it has helped others who were in the same fix as you.

It is not only a medicine for sick women, but a tonic for weak women. Being made from mild, gentle, vegetable ingredients, it is perfectly harmless and has no bad after-effects.

Cardui can be relied upon to help you. Try it today. At all druggists.

A touch of rheumatism, or a twinge of neuralgia, whatever the trouble is, Chamberlain's Liniment drives away the pain at once and cures the complaint quickly. First application gives relief. Sold by G. L. Penny.

The splendid work of Chamberlain's Stomach and Liver Tablets is daily coming to light. No such grand remedy for liver and bowel troubles was ever known. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Sold by G. L. Penny.

Free Child's Remedy

What mother is not looking for something that will help her children in the little ills of life, something for the stomach trouble and the bowel trouble? Long ago she probably has become convinced that a child cannot readily swallow a pill or a tablet, and that to "break them in half and crush them" is an annoyance; that usually they work too drastically, and are nauseating and too powerful for the little one's stomach.

Any mother who will take the trouble of sending her name and address can obtain a free sample bottle of a remedy that thousands of other mothers are using and now paying for. This remedy is Dr. Caldwell's Syrup Pepsin, and the offer of a free trial bottle is open to any mother who has not yet used it. Having used it and convinced yourself that it is what you want, you can obtain it in the future of your druggist at fifty cents and one dollar a bottle. Just as so many others are doing, the free sample being simply to convince you of its merits. It is the best way to begin on it. Mrs. L. Davis of 17 W. Harrison street, Chicago, and Mrs. Mary Bedford, 1710 Coke street, Louisville, Ky., both started with a free sample and now they write that they have never been without a bottle in the house since.

It is undoubtedly a great family remedy, as it is adapted to all ages, being mild and pleasant to take and yet thoroughly effective. It is especially the ideal remedy for children and women and old folks, who need something pure, solid and natural. It has the advantage of being a thorough laxative and yet contains no harmful properties. Use it for the most stubborn constipation, indigestion, liver trouble, sick headache, sour stomach and such complaints with a guarantee that it will cure.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. I explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address to Dr. W. H. Caldwell, 1250 Caldwell building, Monticello, Ill.

Kentucky Farmers

think that if they raise 20 bushels of wheat or 15 barrels of corn to the acre they are doing well.

ARIZONA RANCHES raise from 6 to 9 crops of Alfalfa a year; yield from 1 1/2 to 2 tons to the acre per cutting, which sells from \$10 to \$20 per ton. We have ranches that yield two crops of corn a year, and no dry years, for all we have to do to make it rain, is to turn on the water in the irrigation ditches.

We have fruit ranches, cattle ranches, chicken ranches, hay ranches and, in fact, anything in the ranch line, large or small, and at all kinds of prices.

Arizona will soon become a state and is coming to the front very rapidly. All kinds of property are in great demand and getting higher every day. Railroads are being built; gold, copper and zinc mines producing untold wealth, and we have the finest climate in the world.

All inquiries answered promptly.
